Our people

Welcoming our new apprentices

We've welcomed 14 new apprentices who will be taking up roles across the organisation in Redcar & Cleveland and Scarborough. Our apprenticeship programme offers paid, structured training that leads to professional qualifications. We actively encourage applications from Beyond Housing residents and customers of our employability services, with a commitment to allocate at least half of the opportunities to these groups.

New board members support our 2030 vision

We've strengthened our board with the appointment of four highly experienced new members, each bringing specialist expertise to support our organisation's growth.

The appointments come as we continue delivering our 2025-2030 strategy, which focuses on the customer experience, supporting our communities and helping our region grow.
